- Please respect the two-metre rule when entering the grounds i.e. wait for people to get into/out of corridor to the gate before entering. Stay in the car park until the corridor is free.
- Don't gather around the back door but go straight to the court you've booked allowing space for previous players to leave.
- Singles play only, keep drinks and belongings at the back of the court and avoid changing ends.
- Strictly no 'mix-ins'.
- Courts 6 & 7 will not be ready for play until the afternoon of Friday 15th; they are the same surface as the other five.
- The club house is closed, so there are no toilet facilities, nor floodlights and there are no water fountains.
- Court bookings will be restricted to 1 hour per game. Please be strict with your times. Do not run over. Please access/leave the courts via the gates and not by crossing other peoples courts.
- Nets will be checked first thing every morning so there is no need to check the height.
- Mark the balls so you only touch two of the four, ideally use new balls every time you play.
- When balls come over from another court do not touch them, return them with your racquet.
- Wash your hands before and after playing (gel is available under the balcony).
- Please leave the club promptly after you have played.
- Ideally wash all your clothes after playing.
