

# Annual Subscriptions 2024-2025

First of all, we are thankful for the solidarity shown by our members over the recovery period and hope this will continue, as we endeavour to put the club on a firm financial footing for the future. Nearly everyone continued paying their subscriptions whilst the club was closed. Your support is much appreciated.

## Reimbursement

The flood caused devastation to our club and we were all limited in our ability to use the facilities. You will be aware of the efforts put in to get brand new Tennis, Squash and Gym facilities back in place by Feb / March / April this year. The insurers recognise this disruption and, as part of the overall negotiations, have agreed to contribute to a reimbursement fund. However, from the Finance Update of 21st August you can see that we are facing significant financial challenges because we are no longer insured for flood. We also want to continue to save prudently, and be ambitious about modernising the club to make it fit for the future (e.g. wouldn't it be great to refurbish the bar).

We are proposing a reimbursement to you detailed below. However, we are appealing to your generosity and ask if you are willing to allow the club to add the money to our funds, instead of reimbursing it. If you do wish to take the reimbursement, please send an email to [finance@dstc.uk](mailto:finance@dstc.uk).

This email will only be accessible by Jackie Bryan, the club bookkeeper. Individual choices are wholly private and will remain completely confidential.

The rebates are based on the duration each sporting section was deprived of its facility and are presented in the table below. For squash members and pay as you go gym members, the rebate, if requested, will be credited to that member's MyCourts account.

For gym all-inclusive members, the rebate mechanism is still to be decided.

1. Log in to your MyCourts account as usual
2. Scroll down the column on the left to find "Membership Subscription" - click this link
